

AuctionPort is your reliable partner for auctioning your goods and equipment.

AuctionPort focuses on auctioning industrial equipment and machines like amongst others: forklifts, stackers, AGVs, cranes, lifting equipment, trucks, trailers, commercial vehicles, earthmoving machines, bulldozers, etc..

This auction platform brings supply and demand together with a professional and customer-friendly approach. Via online marketing and our user-friendly online platform, we are able to reach a high number of suppliers and buyers which guarantees a good balance between expectations and interests of both sides.

AuctionPorts' site and warehouse are easily accessible by its excellent location in the middle of the Antwerp harbor and close to the highway,

Right this way, to the latest auctions:
